## WORK EXPERIENCE:

### Trinity Square Video

#### Technical Consultant/ Developer

December 2016 - Present

- Consulting and assisting the gallery with the development of a VR (Virtual Reality) Gallery Space that will be launched as an mobile app in November 2017.

### Freelance Designer / Front-End Developer

2012 - Present

- Worked with a variety of clients including: Vice, Mirum Agency, Group SJR, The Power Plant, 7A11D Performance Art Festival and various visual artists. Client work I've taken on includes web design and development, content development for promotion, production and design of printed publications, books and catalogs, filming and editing of video content, design and creation of large and small scale plans for gallery exhibitions.

### Whippersnapper Gallery

#### Director of Programming

September 2013 - January 2016

- Worked with artists to manage projects, while setting visual standards and delivering projects on time.
- Spearheaded gallery's full re-branding, including logo, website, and all promotional materials.

### Studio Assistant

September 2013 - Present

- Working for Micah Lexier, Stephen Andrews and John Greyson, three of Canada's most established visual artists, as a studio assistant, helping with completing projects on a timely manner, effective communication with suppliers and outsourced labourers, design and visual assistance in projects, book keeping and schedule management.
